

Purpose:

Horseman's Elite Pelleted is a high quality feed that may be fed to horses in all stages of life. This feed is designed to provide quality protein and calories along with prebiotics, probiotics, and balanced vitamin & mineral levels. This feed contains "Cool Energy" calorie sources from soybean oil.

Features & Benefits of Horseman's Elite Pelleted

Feature	Benefit
"Cool Energy" Calories from Soybean Oil	Soybean oil is rich in Omega Fatty Acids and is safe way to increase shine, improve endurance, and add weight to your horse without making him excitable.
Probiotics and Prebiotic Yeast Cultures	Pre- and Probiotics help horses absorb more nutrients out of their feed and keep the digestive tract in proper working order.
Superior Vitamin Sources	Bluebonnet® Feeds is one of the only feed companies to use only domestic and European sourced human-grade vitamins. This ensures the highest quality and most stable vitamin packages possible.
Guaranteed Biotin	B-Vitamins such as biotin are helpful in building strong healthy hoof wall as well as reducing recovery time after exercise and hauling.
True-Name Ingredient Listing	Every ingredient is listed by name on the tag and we never use by-products, so you get high quality feed in every bag.
Rigid Ingredient Standards	Bluebonnet® Feeds accepts only the highest quality ingredients. Raw ingredients are tested prior to being accepted by the mill, so only the best ingredients make it into a bag of Bluebonnet® Feed!
