

Bluebonnet® Feeds

# HORSEMAN'S *Elite*® SENIOR CARE

## PREBIOTICS AND PROBIOTICS

Prebiotics and probiotics help horses **absorb more nutrition** from their diet and support **normal healthy function of the digestive tract and immune system.**

## "COOL ENERGY" CALORIES

Plant-derived oils, rich in essential omega fatty acids, are a safe way to **increase shine, improve endurance, and add extra weight or body condition** to your horses.

## SUPERIOR VITAMIN SOURCES

Bluebonnet® Feeds uses only USA and European-sourced, **human-grade** vitamins. This ensures the **highest quality and most stable** vitamin package possible.

## TRUE-NAME INGREDIENT LISTING

Every ingredient is listed by its True Name on the tag. This offers **full transparency of the quality** ingredients going into each bag of feed.

## ORGANIC COMPLEX MINERALS

Chelated minerals are **more easily absorbed** into the horse's bloodstream. This results in a more effective nutrition program with fewer minerals being excreted as waste.

## RIGID INGREDIENT STANDARDS

Raw ingredients are **tested prior to being accepted** by the mill, and only the highest standard of ingredients are used. This allows all Bluebonnet® horse feeds to have a **Locked-Formula policy** which ensures **ultimate consistency** from batch to batch.

## GUARANTEED BIOTIN

B-Vitamins such as biotin are helpful in building **strong healthy hoof wall** as well as **supporting recovery time after exercise and hauling.**

# HORSEMAN'S *Elite*<sup>®</sup> SENIOR CARE

## GUARANTEED ANALYSIS

Crude Protein	Min	14.00%
Lysine	Min	0.70%
Crude Fat	Min	8.00%
Crude Fiber	Max	21.00%
Acid Detergent Fiber	Max	26.50%
Neutral Detergent Fiber	Max	34.50%
Calcium	Min	1.50%
Calcium	Max	2.00%
Phosphorus	Min	0.60%
Magnesium	Min	0.20%
Potassium	Min	0.70%
Copper	Min	50 ppm
Zinc	Min	150 ppm
Manganese	Min	150 ppm
Selenium	Min	0.30 ppm
Vitamin A	Min	5,000 IU/lb
Vitamin D	Min	750 IU/lb
Vitamin E	Min	75 IU/lb
Vitamin C	Min	75 IU/lb
Biotin	Min	0.45 mg/lb

## PROBIOTICS

Total Active Bacteria, min, 22.4 Million CFU/lb  
*Lactobacillus acidophilus*, *Lactobacillus casei*,  
*Bifidobacterium thermophilum*, *Enterococcus faecium*)

## DAILY FEEDING DIRECTIONS:

**All Horses:** Feed quality hay at a minimum of 1.5% to 2.0% of horse's body weight. Adjust feeding rates based on desired body condition and forage quality.

**Adult Maintenance:** Feed 0.75 lb per 100 lb body weight.

## Performance

Light Activity: Feed 0.75 per 100 lb body weight.

Moderate Activity: Feed 1.00 lb per 100 lb body weight.

Intense Activity: Feed 1.25 per 100 lb body weight.

## When Used As Forage Substitute

Feed 1.5 to 2 lb per 100 lb of body weight.

## IMPORTANT FEEDING INFORMATION:

- Transition horses onto this feed gradually over 14 days.
- Increase or decrease daily feed to obtain the desired growth, weight gain or body condition.
- Offer clean fresh water and plain white salt at all times.
- Weigh feed and divide feed into two or three separate feedings for best results and safety.
- Store in cool dry area away from rodents, insects and moisture.
- Do not use feed that appears old, molded, or has an unusual odor.

**CAUTION: DO NOT FEED TO SHEEP  
OR COPPER SENSITIVE SPECIES.**

**INGREDIENTS:** Dehydrated Alfalfa Meal, Rice Hulls, Dehulled Soybean Meal, Cane Molasses, Wheat Middlings, Soybean Oil, Rice Bran, Monocalcium Phosphate, Yeast Culture, L-Lysine, Dried *Enterococcus faecium* Fermentation Product, Dried *Lactobacillus acidophilus* Fermentation Product, Dried *Lactobacillus casei* Fermentation Product, Dried *Bifidobacterium thermophilum* Fermentation Product, Zinc Amino Acid Complex, Manganese Amino Acid Complex, Copper Amino Acid Complex, Cobalt Glucoheptonate, Vitamin E Supplement, Vitamin A Supplement, Vitamin D Supplement, Biotin, Sodium Selenite, Manganous Oxide, Copper Sulfate, Zinc Sulfate, Manganese Sulfate, Cobalt Chloride, Ethylenediamine Dihydroiodide, Magnesium Oxide, L-Ascorbyl-2-Polyphosphate (Source of Vitamin C).  
**Contains a source of live (viable) naturally occurring microorganisms.**
