# Range B Breeder Cubes

**Protein Supplement Cube for Beef Cattle on  
Range in All Stages of Production.**

## **Purpose :**

Bluebonnet Range B Breeder Cubes are an economical 20% natural protein feed for supplementing cattle on range. This product is fortified with vitamin A and minerals to help ensure cattle will have the proper nutrients necessary for breeding, gestation and lactation.

## **Features :**

- High quality, yet economical cube designed to supplement protein and energy to cattle on pasture or roughage.
- May be fed on the ground or in feed troughs at 2 lb to 6 lb per day.
- Quality 3/4" cubes have been screened for a very low level of dust and fines.
- Made with select ingredients that must first pass our strict quality inspection standards before being accepted for use.
- Low starch and low carbohydrate levels in an easy to digest formula helps prevent instances of acidosis or ulcer formation.
- Contains natural vegetable proteins, NO animal protein sources are used.
- Fortified with Vitamin A and trace minerals.
- Reliable results can be expected with this consistent quality feed.
- Always offer a high quality mineral and salt free choice.
- **Do not feed to Sheep**
